Addendum to previous email regarding affiliation fees 2024-25

Further to our communication regarding the fees reset sent earlier today, and due to a number of enquires since, we can confirm that the information circulated related purely to LRALC fees. When we send the invoices out to member councils for receipt on or after 1<sup>st</sup> April 2024, the invoice will, as always, show the LRALC element separate from the NALC element, which is collected on the same LRALC invoice. We do this to provide transparency on where your money goes.

The NALC National Assembly (made up entirely of parish/town cllrs) has voted to set their fee for 2024-25 at 7.94 pence per elector. See attached draft minutes from NALC's AGM in October where the affiliation fees were agreed. The increase to 7.94 pence per elector equates to an approximate 3% increase. NALC recently sold their central London base, meaning that they have been able to absorb some of the inflationary pressures facing us all.

I hope this clarifies the issue for councils, as we know that not every council has signed up for the NALC Newsletter where the information was first published. You can do so here: [NEWSLETTER \(nalc.gov.uk\)](https://www.nalc.gov.uk/newsletter)

Regards,

Jake
